

3- to 5- Full-Day LEGO Robotics and Animation Camp (for ages 6+)

Our campers will work on fun and challenging, hands-on LEGO robotics projects in the morning and move on to creative animation projects in the afternoon.

They can let their creativity run wild weaving stories using a storyboard and LEGO as a prop. After completing their planning and set-up, they will try their hands making a movie with the Stop Motion software and pick up various animation skills while bringing their stories to life!
